

MDM International

Mobile Spa Services and Parties In California

Preparing Your Home, Office or Hotel for a Spa Party

Thank you for booking MDM International.

To enhance your spa party experience we suggest the following:

Decide if you'd like your party quiet and intimate or something more social. Invite who you'd like, there's no minimum or maximum that we can't handle. Please confirm the number of guests in advance.

Think about where you'd like to have the treatments done (indoors or out). Patios, decks, family rooms and recreation rooms are the most common at a residence. Other places include at the office or a hotel.

Make sure there is enough room for massage tables.

Plan what you are comfortable wearing and make sure to inform your guests what to bring (robe, bathing suit, etc).

Plan your snacks and drinks.

If you would like to add the following, your guests' experience will be enhanced:

-Portable CD player w/relaxing music CD's

-Aromatic Candles

Don't worry about the following. Your Spa Technician will bring it all:

-Massage Table

-Skin care products for facials

-Manicurists bring all products including nail polish and foot tubs for pedicures

-Massage Lotion/Oil

Enjoy Your Spa Party!
